Speedy Athens Team Clips Tigers, 32-0

Circleville Man Wounds Wife, Then Shoots Self

By PAUL SMALLWOOD
HERALD STAFF WRITER
It was a long evening for the Circleville Tiger football team last night.

Athens, seeking gridiron prominence this season with a fleet backfield and a rugged line handed the Tigers a 32-0 licking on the local field. The battle-wise Bulldogs practically settled things in the first half by scoring three touchdowns and six extra points.

Playing the role of spoilers for Circleville's home opener, the Bulldogs scored another touchdown and

two extra points in the third quarter substitutes slug it out with the Tigers. The 150 pounder is not big for a fullback, but he knows how to find daylight and the right avenue to the goal line.

CIRCLEVILLE, facing a rough and tough Athens line which included five lettermen, couldn't find a scoring recipe.

The Tigers showed one of their best drives mid way in the first quarter by marching from their own 26 to Athens' 29 before losing the ball on downs. They picked up three first downs, but fell a yard short in their bid to get a vital fourth one to keep the attack going.

Getting back to Bennett — the same fullback who broke the Tigers' back last year with a TD on a 60-yard punt return — he reeled off touchdowns runs of three, 51 and 20 yards.

The Bulldog senior also had the capable assistance of two speedy letterman halfbacks in Don Olson and Charles Bowles. Each time the Tigers centered their defensive attention on Bennett, one of the other two speedsters would break loose.

Soviet Aides Leave Congo Under Orders

Kasavubu Expels Czech Diplomats From Mid-Africa

LEOPOLDVILLE, the Congo (AP)—The hammer and sickle flag of the Soviet Union came down from its flagpost at the Soviet Embassy today and Ambassador Mikhail D. Yakovlev left immediately for the airport as ordered by Congo President Joseph Kasavubu.

The ambassador and all other Soviets and Czechs, including Czech Ambassador Joseph Virius, were ordered expelled from the country after Col. Joseph Mobutu seized power for the army three days ago.

The Soviets and Czechs maintained the only permanent diplomatic missions of the Soviet bloc in Leopoldville.

The Communists began pulling out as a flood of rumors circulated in the capital over the disappearance of Patrice Lumumba. But there was no official confirmation on what actually happened to the disputed premier.

With him Yakovlev took the hopes of the Communists bloc for any penetration of the Congo in the immediate future.

The total number of Eastern officials and "technicians" in the Congo has been estimated at between 400 and 500.

They were moving out of the two embassies in trucks, vans and automobiles most of the morning. The Communists had been moving into the Congo with the explicit assistance of Lumumba for the past month.

The Soviet Union sent 11 Ilyushin-14 planes into the Congo to assist Lumumba in his war against political foes in Kasai and Katanga provinces.

Also sent to the Congo by the Soviet Union were 100 Soviet trucks for hauling troops and supplies to the army.

The Czechs reached the airport far ahead of the Russians Friday. They left their embassy, where all papers had been burned in a small incinerator in the back yard.

The exodus took a dramatic turn when the Soviet Embassy asked the United Nations to provide protection during the night.

This morning when Congolese troops turned up to enforce the evacuation order the United Nations troops refused them entry. The Congolese commander then turned his troops over to the U.N. command, and together they guarded the Soviet departure.

The reports about Lumumba's disappearance varied widely.

READYED FOR KHRUSHCHEV — Confined to Manhattan under protest during his visit to the United Nations, Soviet Premier Nikita Khrushchev will stay at this five-story Park Avenue mansion. It was bought by the Russians in 1947 for \$500,000 as headquarters for their UN mission.

Hobart Amann, 63, Is Shotgun Victim

Domestic trouble here resulted in the suicide of a husband and severe rifle wounds to his wife last night.

Dead is Hobart David Amann Sr., 63, of 220 N. Pickaway St., victim of a self-inflicted shotgun blast in the head. In "fair" condition in Berger Hospital today is his wife, Goldie, 60, of 426 E. Franklin St.

Police Chief Robert Temple said Amann shot his wife once in the right forearm and twice in the upper chest with a .22 caliber rifle following a quarrel and fight at about 7:45 p. m. on E. Main St. near Palm's Carry-Out Store.

Chief Temple said Amann fled the scene where he shot his wife. He turned a 410 gauge shotgun on himself when the deputy told him to drop it and proceeded to open the door of the car.

OFFICERS said the blast caught Amann behind the right ear. They said death was instantaneous.

It was ruled suicide by Dr. F. W. Nushbaum, Ross County coroner.

According to witnesses, Amann encountered his wife while she was walking toward Palm's Store. Police said she previously had filed divorce proceedings against her husband and that they were not living together.

Chief Temple said quick action by Robert Hardy of Williamsport and Otto Guenther probably saved Mrs. Amann's life.

Officers said Hardy sneaked up on Amann while he was holding the rifle on the head of his wounded wife. Hardy pushed the man to the ground and Palm grabbed the rifle. They said the enraged Amann previously had scattered onlookers by threats with the rifle.

Guenther said he reached the scene just as Hardy pushed the gun - welding assailant to the ground. The store owner said he held the gun on Amann, but it only seemed to make him more enraged.

Guenther said the man came at him saying "I'll get you". Guenther said he swung the rifle at Amann who in turn raced to his car where he grabbed the trunk. Fortunately he had no shells for the gun.

Guenther declared Amann then jumped into his car and sped away just seconds before Sgt. Leroy Hawks and other officers reached the area.

Officers immediately launched a widespread search. Investigation late disclosed that Amann drove to a garage at the rear of 426 E. Franklin St. where he obtained shells for the shotgun.

ACCORDING TO Mrs. Robert Kenworthy, who lives nearby at 422 E. Franklin St., Amann threatened her while at the garage by telling her to "get inside the house."

City police, working in close cooperation with the Sheriff's Department and the State Highway Patrol, radioed a description of the assailant's car to other law enforcement departments.

Deputy Reisinger brought the ex-captive auto to a halt near Chillicothe. He brushed off Amann's threat and was in the process of taking the man into custody when the fatal shot was fired.

Police Chief Temple today praised the cooperation of the local sheriff's department, State Highway Patrolmen and Ross County officers. The chief called most of his off-duty men back into service last night to work on the case.

The body was taken to a Chillicothe funeral home last night, then transferred to the Defenbaugh funeral home today.

Amann was born Apr. 17, 1897, in Waverly, a son of Edward and May Acord Amann. He worked as a machinist and laborer for the Sturms & Dillard Co. for 19 years.

He married Goldie Kirlin Amann.

Other survivors are four sons, Hobart Jr., Leland and William, all of Circleville, and Gary, of the home; six daughters, Mrs. May Lou Grable, 220 N. Pickaway St., Mrs. Dorothy Sowers, Maplewood Ave., Mrs. Virginia Hiles, Columbus, Mrs. Beverly Joy Morgan, Cedar Heights Road, Miss Alice Amann, Columbus, and Miss June Lee Amann of the home; and 26 grandchildren.

One brother, William Amann, Dayton, and three sisters, Mrs. Ora Moore, Ft. Lauderdale, Fla., Mrs. Ollie McCoy, Waverly, and Mrs. Vernice Hunt, S. Pickaway St.

Funeral arrangements are being completed by the Defenbaugh Funeral Home.

DiSalle Delivers Fiery Dem Speech

COLUMBUS, Ohio (AP)—Democratic Gov. Michael V. DiSalle's job was to introduce the keynote Friday night as his party's state convention opened. But he grabbed the ball and ran with it in an emoti-packed speech which had the delegates on their feet cheering.

Speaking without a prepared text, DiSalle came up with a fighting speech covering both state and national politics, and a sally into the international field.

"With Premier Khrushchev posturing all over the world—and with our admitted racial problem here in the United States, can we afford to give him one more tool to use against us?"

Although he did not mention in so many words the religious overtones in this year's presidential campaign, his obvious reference was to the frequently raised issue of the Catholic faith of the Demo-

cratic presidential nominee, Sen. John F. Kennedy.

An estimated 1,200 Democrats—delegates and guests—flocked to the state convention opener to hear Sen. Philip A. Hart of Michigan at a \$10-a-plate dinner. But it was DiSalle who drew the cheers even before Hart got to his feet.

The climax of the convention comes this afternoon with the presentation—and sure adoption—of the Ohio Democratic Platform.

DiSalle, himself a Catholic and an early Kennedy supporter, pleaded for a campaign free from bias and the election of a president "according to the needs of the nation and the qualifications of the candidate."

Then he asserted to the cheering delegates:

"If we are to lose touch with the democratic and constitutional concept of the dignity of man, we don't want to be elected to office."

The governor asserted the Democratic program for Ohio already is largely in effect. He cited such things as higher appropriations for public schools and universities removal of aid-for-aged ceilings and enactment of a civil rights law.

"All are better off," he asserted, "because the people of Ohio elected a legislature that could get things done."

But, DiSalle declared flatly, "We are going to adopt a new utility rate-making formula—one which will protect consumers from unduly high utility rates."

Such a proposal was defeated in the Democratic-dominated Ohio House last year. It would have substituted a "fair value" formula for the present "reconstruction cost new" valuation of utility property used in calculating a fair rate of return on investment.

But DiSalle spoke with renewed belief in his eventual success in making the change with the assertion, that the threat of higher utility rates may be deterring new industries from locating in Ohio.

He related that one firm which has considered locating in Ohio has become hesitant because of a threat of a utility rate increase next year. He identified neither the industry nor the utility. He added, however:

"If this industry decides not to locate in Ohio—and the decision will come between Oct. 1 and Oct. 15—I'm going to name names."

U.S. Envoy To Cuba Is Quarantined

HAVANA (AP)—Fidel Castro's government today slapped tight restrictions on movements of U.S. Ambassador Philip Bonsal in Havana in retaliation for the U. S. curb on the Cuban prime minister's travels during the U.N. General Assembly.

The diplomatic quarantine capped a series of anti-American measures taken on the eve of Castro's departure for New York.

1. Armed militiamen Friday night seized three American-owned banks operating on the island.

2. The-Castro government started a new international furor by ordering the expulsion of an attractive U.S. Embassy secretary, Marjorie Lennox on spy charges.

Foreign Minister Raul Roa told Bonsal he was restricted to the Havana area where the embassy is situated and to going to and from his residence five miles outside the city.

In a statement issued early today the Cuban government said Mrs. Lennox and six other North Americans had set up a monitoring apparatus in an 18th floor apartment to listen to what was said in the offices of a Communist Chinese news agency. The agency offices are in the same building as Mrs. Lennox's apartment.

The government identified the others arrested as Eustice Dan Brunet, Edmund K. Taranske, wife, and Neet.

Mrs. Lennox and Neet were described as go-betweens for a "spy ring" and the U. S. Embassy.

The police claimed to have found tiny microphones with fine wires leading to two transmitters in a bathroom medicine cabinet.

In a note to Bonsal, Roa said the restriction action against the U.S. envoy was taken because of "the arbitrary confinement imposed by North American authorities on the activities" of Prime Minister Fidel Castro in New York.

The Vedado section of Havana, to which Bonsal was restricted during Castro's proposed stay in New York is about a 10-square-mile area along the sea.

Roa told Bonsal he would have to take "the usual route" to and from the embassy residence. He added sarcastically that the restrictions were inspired "by the plan to offer your excellency every kind of security."

The latest moves came as Castro prepared to leave for the General Assembly to charge the United States with what he calls economic aggressions against his regime.

The latest seizure represented the takeover of all American banks on the island. The U.S. (Continued on Page 10)

Deputy Nabs Tink's Thief Early Today

A burly burglar was nabbed by the Pickaway County Sheriff's department early today as he tried to flee Tink's Tavern, on Old Route 23 north of here.

Jack Billy Powers, 29, an escapee from the Moundsville, W. Va., State Prison is being held here for burglary charges.

Powers told Sheriff's deputies he is involved in the burglary of the B & C Oil Co. and Brown Impment Co., Ashville, early yesterday, and a grocery store - service station at Lockbourne Monday.

A passing motorist notified the Sheriff's Department at 3:50 a. m. today after observing Powers in the tavern. In a few minutes deputies, led by Sheriff Charles Radcliff, had the place surrounded.

Powers attempted to leave the tavern by a north door, but Deputy Dwight Radcliff was waiting for him with a carbine. He surrendered without a struggle.

THE prisoner stated he escaped from an honor detail at the West Virginia Prison August 1. He was serving a term for burglary. He gave his address as Man, W. Va.

When arrested Powers was carrying about \$5 in rolled money, several small pinch bars and pliers.

Speculation Says Soviet May Soon Put Man in Space

WASHINGTON (AP) — The unexplained movements of six Soviet ships in the Atlantic and Pacific are building up speculation that the Soviet Union soon may shoot a man into space.

New details, released by the U.S. Navy Friday, show that two of the ships, a tanker and a tug, are standing off the Grand Banks in the Atlantic.

That's just where a Soviet satellite might pass if it followed the same path as Soviet rockets in the past. A capsule ejected by such a satellite probably would fall into the ocean near the two Soviet ships.

The speculation is that the Soviet Union may fire a space capsule with a man in it and then recover it in the Atlantic.

Such a spectacular space try, if attempted soon, would come on the eve of Soviet Premier Nikita Khrushchev's arrival in New York for the United Nations General Assembly.

It also would mean that the world would have two significant space attempts in a brief period of time.

The United States is preparing to try shooting a rocket around the moon. The try will be made between Sept. 22 and 26, while Khrushchev is in the United States.

"We hope they don't beat us to it," American astronaut Scott Carpenter told newsmen Friday. "We'd naturally like to be first."

Carpenter and his fellow space-men trainees talked for the first time with reporters at the new National Aeronautics and Space Administration central control building here. This will be the nerve center when a U.S. space pilot is sent aloft.

The other astronauts are: Leroy G. Cooper, 34; John H. Glenn 38; Virgil I. Grissom, 33; Walter M. Schirra, 36; Alan B. Shepard, 36, and Donald K. Slayton 35.

NASA had hoped to send one of these men on a Redstone-boosted ballistic flight 120 miles up and about 200 miles down the Atlantic missile range late this year. The flight is now expected in January or February.

If all goes right, one of the astronauts will be launched into orbit late in 1961 and be whirled three times around the globe in 4 1/2 hours.

Weary Nixon Plans Foray In Minnesota

DES MOINES, Iowa (AP)—Vice President Richard M. Nixon, looking a bit tired, winds up six days of night-and-day campaigning today in Iowa and Minnesota.

His schedule included an address in Sioux City, Iowa, and a speech and news conference in Minneapolis. Afterward, he planned to fly back to Washington to size up his progress against his Democratic opponent, Sen. John F. Kennedy.

Nixon, the GOP presidential nominee, came into Des Moines just before dinner time Friday night to the thunderous cheers of some 25,000 persons who lined 13 blocks of downtown streets leading to his hotel.

A touch of seasonal hay fever, which put a slight hushiness in his voice, did not mar his obviously high spirits over the big turnout that greeted him on a motorcade through several cities in this normally Republican state.

He made his big bid for the Midwest farm vote at the 21st annual plowing contest at Guthrie Center in west central Iowa.

There, before a crowd of many thousands, he outlined his proposals for cutting down the \$10 billion, price-depressing farm surplus.

He said he had given much thought to his program, contemplating heavy new shipments of surplus commodities to the hungry abroad, and creation of strategic food reserves across the country.

U.S. May Erase Ban on Khrush

NEW YORK (AP)—The State Department now may lift the travel ban just enough to permit Soviet Premier Nikita Khrushchev to visit his country's large estate on Long Island.

Khrushchev, due here next week to attend the annual meeting of the United Nations General Assembly, had been restricted behind Manhattan's neon curtain as a security measure.

But Friday State Department officials in Washington said they might permit the Soviet leader to visit the big Soviet estate at Glen Cove, Long Island—if he specifically asks to go.

Security officials, however, are opposed to any unrestricted travel to and from the estate, which is about 20 air miles from the U.N. headquarters in Manhattan.

Khrushchev could spend a weekend relaxing at the estate, but could not hold a reception or make propaganda hay during any Long Island visit, officials intimated.

Preparations to guard Communist and Cuban delegates to the 15th General Assembly session were stepped up. Police Chief Stephen P. Kennedy said that 8,000 men—about one-third of the police force—have been assigned to prevent disorders at the United Nations.

Apparently their job won't be easy. Already one bomb threat has been made against Khrushchev.

A man with a foreign accent telephoned the Overseas Press Club and told the phone operator he had heard "you are having a visit from Khrushchev" and "we'll bomb the place."

A search produced no bomb but a uniformed patrolman was stationed at the building. Khrushchev has accepted an invitation to address the club at a hotel and not at the club.

Ike May Go To New York For Parley

WASHINGTON (AP) — President Eisenhower probably will meet in New York rather than in Washington with a number of foreign government leaders attending the United Nations General Assembly.

Diplomatic officials indicated privately today that the idea of inviting various foreign leaders to Washington for talks at the White House had given way to consideration of the President's seeing them in New York.

Eisenhower, these informants noted, will be in New York twice within the next 10 days. Next Thursday he will go there to address the U. N. General Assembly. The following Monday, Sept. 26, he is scheduled to speak at the Golden Jubilee dinner of the National Conference of Catholic Charities.

Among those with whom he might talk in New York, the speculation has centered on President Tito of Yugoslavia and President Gamal Abdel Nasser of Egypt. About 18 government chiefs, including the Soviet Premier Nikita Khrushchev, plan to attend the United Nations meeting.

Eisenhower has no present plans to meet with Khrushchev who has carried on a campaign of denunciation against the President since the collapse of the summit conference in Paris last May 16. The White House said Friday that Khrushchev had made no approaches to the U.S. government for a meeting with the President.

Cohen Indicted For Dodging Taxes

LOS ANGELES (AP)—Mickey Cohen, 47, is under federal indictment again. He is accused of evading \$347,000 in income taxes.

The tubby former gambling kingpin was arrested on the 13-count indictment at his west Los Angeles apartment Friday and later released on \$25,000 bond.

Cohen, nearly killed in a gangland ambush in the late 40s, served a 3 1/2-year prison term in the 50s for evasion of income taxes.

The federal government called 70 witnesses in a two-year investigation of Cohen's finances. The government says Cohen reported only \$2,472 in income for 1956-58.

White Pupils Confess Racial Story Is Hoax

CINCINNATI (AP)—Two girls and three boys, students at Withrow High School, face juvenile court action on charges of falsely reporting that three Negro boys grabbed the white girls Thursday. Police said the five admitted their story was a hoax to get out of school for a day. The incident cropped up after reports of friction between Negro and white students at several schools.

Destroyer Captain Faces Navy Trial

SAN DIEGO, Calif. (AP)—The captain and the executive officer of a destroyer which smashed into another destroyer, killing 11 men, must face general courts-martial.

Cmdr. A.T. Ford, skipper of the U. S. S. Collett and Lt. Cmdr. George D. Steedle, his executive officer, are charged with negligence and hazarding their ship.

It collided in a thick fog July 19 with the destroyer U.S.S. Ammen off Newport Beach, Calif. The courts martial were ordered Friday by Rear Adm. Murr E. Arnold, Commandant of the 11th Naval District, after a study of testimony taken at an inquiry into the accident.

Ohio Traffic Death Rate Rockets Up

COLUMBUS, Ohio (AP)—Ohio's traffic deaths increased 16 per cent in the first seven months of 1960 as compared with the same period a year ago, the Department of Highway Safety reports.

The department said the deaths numbered 1,051 this year compared with 908 through July 1959, an increase of 143.

The death rate per 100 million car-miles traveled went up from 4.0 to 4.7, an increase of 18 per cent.

Hessian Fly Date Is October 1

By GEORGE HAMRICK
County Extension Agent,
Agriculture

Wheat can be sown in Pickaway County October 1 this fall. This is the date that has been established as Hessian Fly date. Farmers do, however, have a choice of seeding Dual Wheat. This variety is resistant to Hessian Fly.

The Hessian Fly is probably the most destructive insect in the area. There are two generations annually. The larvae of the fall brood feed on the side of the young wheat plant and frequently destroy it. Those of the spring brood feed on the side of the green stem usually just above the lower joints. This frequently causes the straw to break over.

The adults, which resemble mosquitoes, emerge in late April and May and again in September and on the wheat leaves. The newly hatched larvae make their way down the leaf sheath to the tender stem. The insect passes the winter and summer as a full grown larva within a tough brown covering called the "flaxseed." These may be found on the plant at the point

the larvae feeds.

Adults of the fall generation lay their eggs on early sown or volunteer wheat, which may be seriously injured before winter. Numerous observations have shown that early-seeded wheat suffers the most damage and at the same time builds up a fly population sufficient to cause a general infestation of all wheat in the community the next spring.

HESSIAN FLY outbreaks are irregular. The insect is very sensitive to moisture conditions, being favored by rainy seasons. They may become very abundant, if the weather is favorable and early sown or volunteer wheat is plentiful.

Such outbreaks are sometimes brought under control suddenly by adverse weather conditions, principally by periods of drought during the spring and fall. Regardless of these natural agencies, control practices of not planting till after fly free date must be practiced on the farm if serious losses are to be prevented.

Frost is not particularly a factor for determining fly free date. The date is determined by the life cycle of the adult Hessian Fly moth.

Soil Bank Act Ends; No More Acres Eligible

There will be no sign-up this fall for additional land or contracts under the Soil Bank Conservation Reserve, Ted E. Rupert, chairman of the Ohio Agricultural Stabilization and Conservation Committee, said today.

Rupert also said that program contracts which expire in 1960 or later are no longer eligible to be extended for an additional period of years.

"Under the Soil Bank Act of May 1956," Rupert explained, "the Secretary of Agriculture was authorized to enter into Conservation Reserve contracts with producers during the five-year period 1956-60. The sign-up under the 1960 program was held last fall, so that farmers would know in advance of the cropping season whether their land would be accepted into the Conservation Reserve. Since the authorization to enter into new contracts has not been extended beyond 1960, there will be no sign-up period this fall.

"Farmers should understand, however, that the existing contracts for 1960 and previous years will remain in effect and payments will continue to be made under them for the period of the contracts and in accordance with contract terms. The annual Department of Agriculture appropriation bills provide money with which to meet obligations already on the books."

THERE ARE 8,959 Conservation Reserve contracts in effect this year in Ohio, involving a total acreage of 524,785 acres, Rupert said. Contract periods range from 3 to 10 years, and annual rental payments for 1960 amount to approximately \$9,044,126.

Nationally, there are more than 300,000 Conservation Reserve contracts in effect in 1960, covering a total acreage of approximately 28.6 million acres in 48 States. The average rental payment is \$11.85 per acre, and the rental payment for 1960 will amount to about \$338 million.

What are the objectives of "Vo Ag" asked a freshman agriculture student of his teacher.

This would take much time to answer, but here are six different objectives which are included in the Vo Ag program:

1. Make a beginning and advance in farming; 2. Produce farm commodities efficiently; 3. Market products advantageously; 4. Conserve soil and natural resources; 5. Manage farm business; 6. Maintain a favorable farm environment.

During the four-year high school training and the adult farmer education the agriculture program tries to develop these objectives in the student.

The Ag program also develops abilities in constructive thinking and problem solving methods which enable the student to have a better understanding of learning processes. It also provides training through instruction on many problems closely related to the home and farm family living.

The FFA, which is part of the Ag program, develops abilities essential for desirable citizenship.

THE organizational procedures are completed and the different committees are going to work to make the best Vo Ag and FFA program ever.

Eleventh and twelfth grade boys have been repairing the air compressor, and hooking up the acetylene welder, and getting our bulletin boards in condition for the uses for which they are intended. We have also received instruction by demonstration and practice in the use of both the electric and acetylene welders.

Freshman and sophomore boys in addition to committee work, are also getting instruction in electric welding and small gas engines. Each of these boys have been appointed to one or more committees, so they will learn the purposes and activities of the FFA.

Seventh grade boys have been working hard to learn to put their ideas on paper by means of drawings.

The eighth grade boys are to receive instruction in beginning electric welding. This will include the abilities to strike and carry on arc, heat setting, running a good bead, and other principles that will lead them gradually through complete welding instruction by the time they have completed four years in Vo Ag.

Soybean harvesting losses need not be 10 to 25 per cent of the soybean crop. With proper adjustment and operation of the combine and timely harvesting, up to 95 per cent of the crop can be harvested.

Ohio Steam Railroads Ask Hike in Rates

COLUMBUS, Ohio (AP)—Hearings will begin in October on a request by steam railroads operating in Ohio for an across-the-board freight rate increase of about one per cent.

Robert R. Artz assistant general counsel for the Pennsylvania Railroad, asked the Public Utilities Commission to grant the increase effective Oct. 24.

He filed the application Thursday on behalf of the Pennsylvania, Baltimore & Ohio, Erie New York Central and New York Chicago & St. Louis railroad companies, as well as "all other steam railroads within the State of Ohio."

The application said a freight rate increase is needed to meet rising costs and a sharp fall-off in earnings. Some 57 steam railroads operate in Ohio.

Steam railroads operating in the eastern United States have filed for the same increase with the Interstate Commerce Commission. They are hoping the federal commission will let the rates take effect Oct. 24 while hearings are being conducted.

The last increase granted by the Ohio and federal commissions was in 1958 and amounted to about three per cent.

Ohio commission officials said that even if they deny the application, they could be overruled by the ICC.

Senator Calls Cleveland CD Idea 'Stupid'

CLEVELAND (AP) — Sen. Stephen M. Young, D-Ohio, says a Civil Defense proposal to evacuate Cleveland school children with the use of 25,000 automobiles is "so silly that I am surprised any adult would present it."

Young called the plan "silly, fantastic and stupid." His remarks Thursday night followed those of Mark C. Schinnerer, Cleveland superintendent of schools, who termed the suggestion "absolutely out of the question."

Young, long a bitter critic of Civil Defense operations, gave this statement to the Cleveland Plain Dealer's Washington bureau.

"This latest proposal is in line with the Columbus plan to synchronize traffic lights so that they all point green one way for evacuation."

"In a nuclear attack, who is going to pay any attention to traffic lights?"

"This latest plan presented by the Lake Erie Civil Defense Authority would snarl traffic in Cleveland as it has never been snarled before. It would increase casualties."

"In the event of an attack, what

warning will we have? It will be four minutes for missiles launched from submarines and 18 minutes for intercontinental missiles.

"Our only real defense is retaliation. Defense of civilians belongs to those trained to do it—the Armed Forces."

American Crime Rate Sets Record

WASHINGTON (AP) — More than one and a half million serious crimes were committed in the United States in 1959, setting a new record, FBI Director J. Edgar Hoover reported today.

In a final rundown on police records from all parts of the country, Hoover said the over-all total of serious offenses last year was only one per cent higher than in 1958. But he said that killers, assassins, rapists, robbers, burglars and assorted thieves "committed 69 per cent more serious crimes in 1959 than in 1950 and 128 per cent more such offenses than were committed in 1940."

The report said preliminary reports for the first half of 1960 indicate a sharp rise of 9 per cent in serious crimes over the same period a year ago.

Most alarming, he said, is a major increase in juvenile offenses. He said that with a 4 per cent increase in 1959, the arrests of persons under 18 have doubled the 1948 figure.

OLIVER SUPERIOR DRILL
Double Capacity...
Low Hopper... Life-Seal Bearings

This new No. 64 Drill doubles capacity — holds a bushel of grain and 80 pounds of fertilizer per foot. The extremely low hopper — only 3 1/2 feet off the ground — is easier to fill. And, you have this same low height whether you choose 20-inch or 15-inch wheels, both taking low-cost, used tires.

Lifetime-seal disc bearings eliminate daily greasings, save time and cost of lubricant. A low, rear-mounted grass seeder sows in bands, or broadcasts. You have a choice of 144 grain seeding rates, 30 fertilizer distribution rates ranging from 65 to 645 pounds per acre. The famous Double-Run Force Feed handles any size seed, meters accurately, avoids waste. Plain grain drill, holding 1 1/2 bushels per foot, available.

Ohio Parole Board Alters Its Procedure

COLUMBUS, Ohio (AP)—Ohio's Pardon and Parole Commission, faced with an increasing number of parole hearings each year, has turned to the state of California for advice.

The five-member commission presently interviews about 700 parole applicants a month at Ohio's six adult penal institutions.

To cope with the workload and allow a reasonable time to evaluate suitability for parole, the commissioners have worked out a new arrangement. Four of them divide into panels of two each, splitting the caseload. The fifth commissioner remains in the office to answer mail and talk with visitors.

But Gov. Michael V. DiSalle called in Chairman Joseph E. Doneghy this week and told him there ought to be some way to relieve at least part of the burden. DiSalle suggested the Pardon and Parole Commission might retain attorney-examiners to hear cases and make recommendations, as the Public Utilities Commission does.

Doneghy said he checked and learned California uses "hearing commissioners." He has written to California officials to learn how the system works, and said he will confer with the other Ohio commissioners after he receives the information.

Program Set By Nazarenes

The Circleville Church of the Nazarene will participate in November in the Nazarene denomination-wide "Try Christ's Way" witnessing program.

The goals of the local church as set up by the leaders of the Department of Evangelism are: witness to 850, help 40 people to seek a personal relationship with God, and 10 new members to be received into church membership.

This is the share of the denomination goals to witness to 2,000,000, help 100,000 persons seek God, and 25,000 new members to be received by profession of faith.

The Church of the Nazarene is of the Armenian - Wesleyan persuasion. The doctrines upon which the church rests as essential to Christian experience are brief. We believe in God the Father, Son and Holy Ghost; we especially emphasize the deity of Jesus Christ and the personality of the Holy Spirit; that man is born in sin; that he needs the work of the Holy Spirit in regeneration; that after the work of regeneration, there is a further work of heart cleansing, or entire sanctification, which is effected by the Holy Ghost, and to each of these works the Holy Spirit gives witness. We believe in eternal destiny, with its rewards and punishments.

Ohio Crime Rate Shows Decline

WASHINGTON (AP)—Crimes in Ohio declined in number last year, even though criminal offenses rose in the nation.

An FBI report, showed offenses in Ohio totaled 65,875 in 1958 compared with 63,312 in 1959. At the same time, the Ohio population rose from 9,345,000 to 9,637,371.

For purposes of comparison, total crimes in the United States increased from 1,573,210 to 1,592,189 in the years under review.

The situation was not entirely bright for Ohio, however. In the most serious crime category—murder and manslaughter—the number of offenses went up. Rape and auto thefts were up, too.

Declines were registered in the number of robberies, aggravated assaults, burglaries and larcenies.

Highway Safety Director Holds Fear For Pupils Carried by Some Vehicles

COLUMBUS, Ohio (AP)—Some 119,000 Ohio school children are being transported in vehicles outside of any regulatory system. Highway Safety Director J. Grant Keys reported today.

Railroader Saves Tot In Fostoria

FOSTORIA, Ohio (AP)—A quick-thinking railroad switchman scooped an 18-month-old girl from a railroad track Friday rescuing her from the path of an oncoming train.

Richard Brown, of Fostoria, was riding with another B & O switchman on the front of a train. Upon nearing a crossing, he spotted a little girl on the track.

The engineer, D. D. French, saw her too and pulled the emergency brake.

Not taking any chances, Brown jumped from the train and ran toward the girl. The other switchman stayed on the front of the train, planning to shove the girl off the track with his foot in case Brown did not reach her in time.

Brown reached the girl, who had caught her foot in the track, and got her out of the way just before the train came to a stop—past the spot where the girl had been stuck.

The girl's mother, Mrs. Martin Bugner, said she had been looking for her daughter, Tina Marie, who had wandered off.

level committee seeking to establish uniform standards for safety inspection of school buses in Ohio. In his report today to Gov. Michael V. DiSalle and the cabinet, he said:

Of 8,494 buses inspected in 1959 under Department of Education requirements or because the vehicle was brought in voluntarily, 3,507 failed the first inspection for some reason and 385 eventually had to be taken out of use.

The committee found that 2,410 vehicles carrying youngsters are under no regulatory system, Keys said, and that some areas are

Gas Tax Split Due for Change

COLUMBUS, Ohio (AP)—Changes in the amount of gasoline tax distribution to cities and villages in Ohio are coming in November, State Auditor James A. Rhodes has announced.

He said the change would result from the new certification of the motor vehicle registration in municipalities just received from the Bureau of Motor Vehicles. It is for the license year April 1, 1959, to March 31, 1960.

He said the formula set up in the law for distribution of the tax is equivalent to \$1 per auto in cities or villages each time gas tax money is sent to municipalities, usually eight times a year. That means cities and villages which show an increase in motor vehicle registration for the preceding year will get more money; those showing a decrease will get less.

using trucks, taxicabs and other vehicles to transport youngsters.

Part of the answer, he suggested, is to broaden the definition of school bus in the law, and make inspection mandatory for all school buses defined in the law. The committee also recommended a "task force" to consult with local officials on school transportation safety problems and wide publicity on the desirability of having buses inspected and awarded the highway patrol's windshield decal.

Finance Director James Maloon said the state has taken in \$99.2 million in July and August, \$3.6 million less than estimated. The sales and inheritance taxes and revenue from state sale of alcoholic beverages are down slightly.

The Finance Department will begin a study next month in the hope of determining Ohio's economic outlook for the remaining nine months of the bookkeeping year. Maloon said, adding that new car sales will be a definite factor.

Welfare Director Mary Gorman said her division of aid for the aged hopes to hear more from the federal government in the next 10 days on \$6,430,000 in funds earmarked for Ohio for medical care of the aged. To qualify, Ohio must remove its present residency (three of the last nine years) and lien (to receive repayment from the estate of the aged person) requirements, she pointed out.

Dr. Robert A. Haines, director of the Department of Mental Hygiene and Correction, said the Bureau of Support—which attempts to collect partial payment from relatives for care of mentally ill or retarded persons—will be moved under the department's executive division, with Howard S. Vawters as head. The bureau has been criticized by the governor for failing to collect on some long-inactive accounts.

DiSalle directed Adj. Gen. Loren

G. Windom to get together with Maloon on the possibility of matching available federal funds for the civil defense program as it applies to state departments.

No Test Known For 'Retirement'

COLUMBUS, Ohio (AP)—An expert on aging says there is no way to tell whether a person at 60 has reached the point where he should retire.

Dr. Stanley R. Mohler of the National Institute for Health's aging research center in Bethesda, Md., said some big corporations which had started annual examinations for top executives had to give them up "because so much anxiety resulted."

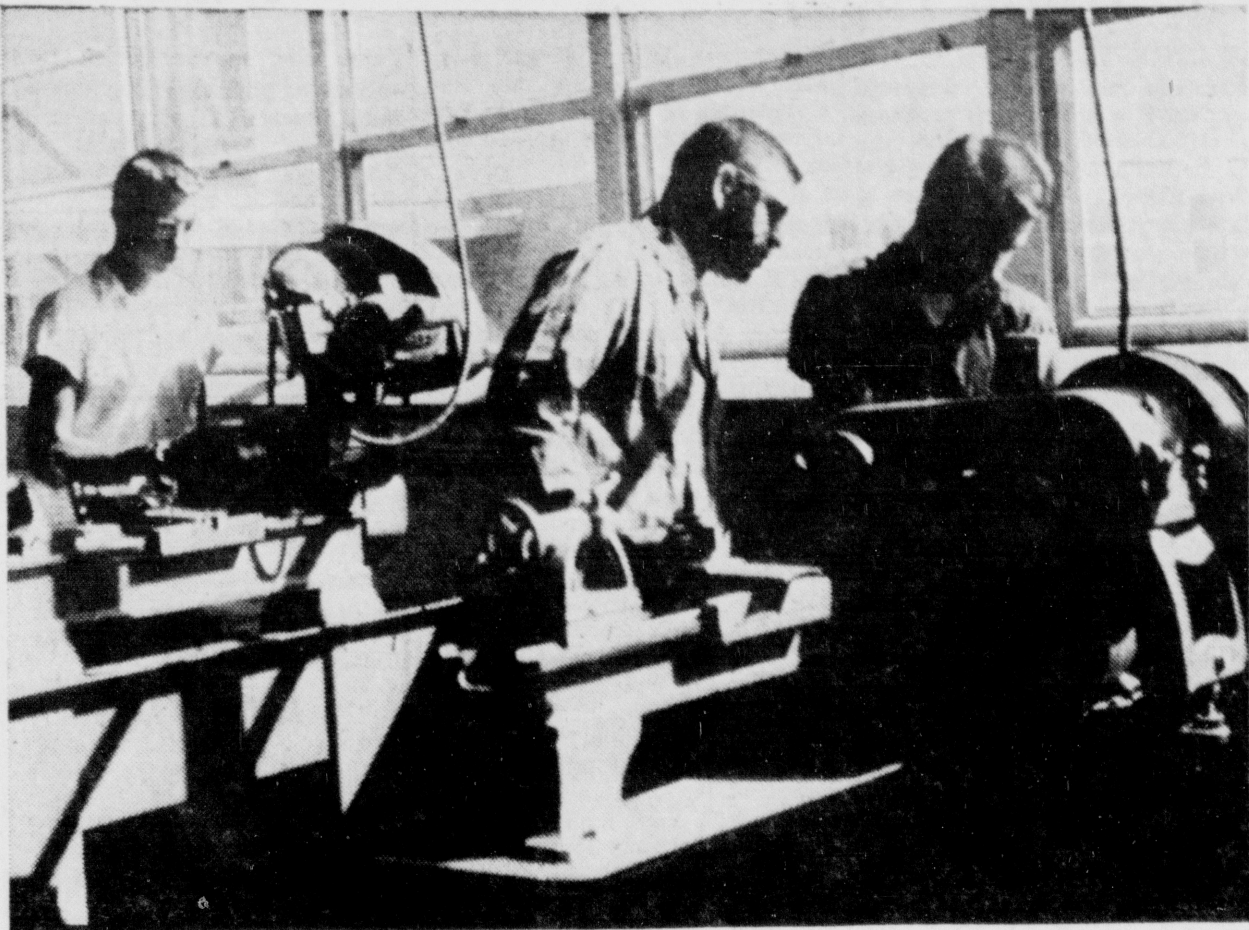

He said most 60-year-old men who lose their job because they fail a test are "sort of psychologically and socially washed up."

If medical science had a real test to determine when a person is "old" it might not be wise to use it, Dr. Mohler said.

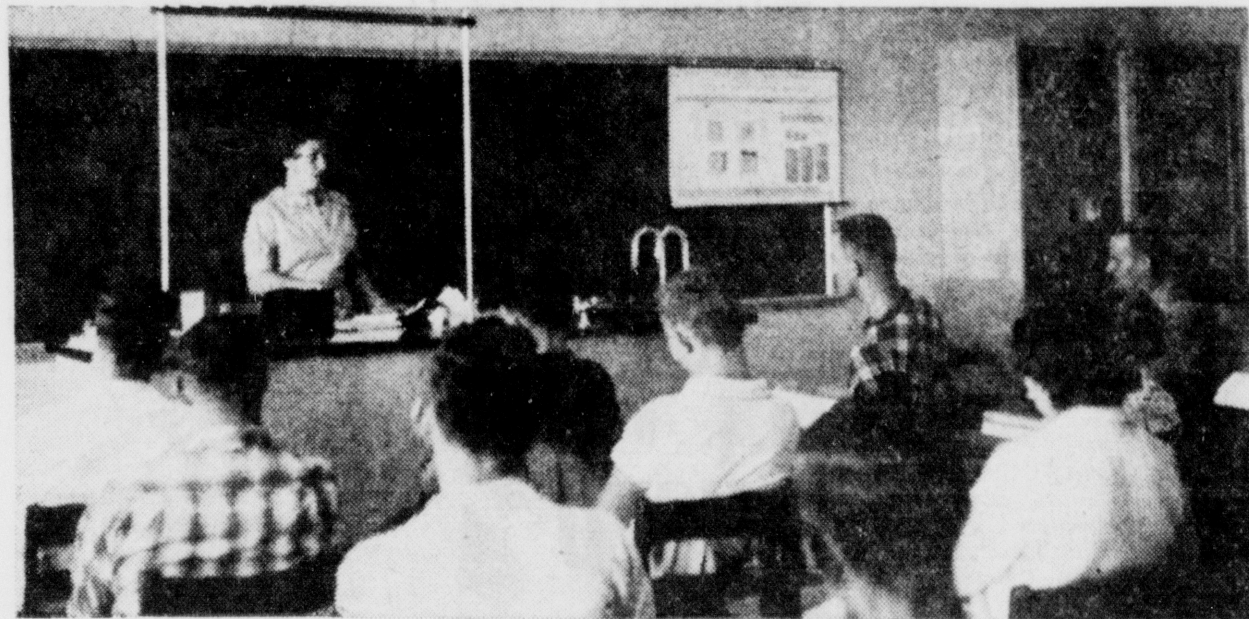

"We're trying to name aging changes and determine when, as a person ages, he should cease to do certain things," he added.

The most southern point in the United States is Kalahe on the island of Hawaii.

Applications are available at the Circleville Post Office. The starting salary of the position is \$3,670 per year.

Ohio Air Guard Gets New Adviser

COLUMBUS, Ohio (AP)—A pilot who once had most of his airplane blown out from under him is the new Air Force senior adviser to Air National Guard units around the state.

He is Col. Frank J. Collins of Breckenridge, Tex. Collins was pressing home a low level attack on a Japanese transport ship in the closing days of World War II when the vessel exploded.

The explosion ripped a large section from the bottom of his P47 fighter. Too low to bail out, he plunged into the water with the plane, but was thrown clear of the wreckage and survived.

Collins comes to the three-year Ohio assignment from Japan. He will make his home and headquarters at Lockbourne Air Force Base near Columbus. Since the war, he has served in England and Germany, at the Pentagon in Washington, as commander of a California air base and as a test pilot for many of the jets still used.

Flier Survival Chance Higher Than Autoist's

COLUMBUS, Ohio (AP)—Motorists ought to have at least the same chance to survive an accident—about 85 per cent—as properly equipped military fliers, a Dayton researcher says.

Charles E. Dempsey, chief of the protective equipment section at Wright Air Development Division in Dayton, told delegates to the Ohio State Safety Conference Thursday that better automotive engineering could bring this about.

Dempsey said findings from research into human survival in space flight should be applied to automobile design. He explained that such things as better anchoring of car seats and engines so that they would be less likely to break loose after a sudden impact could cut down fatalities.

The researcher said the findings of his section are available to all automobile manufacturers and have been used in some cases.

The conference concludes today with a review of 12 effective safety programs from various Ohio communities.

Veep Not Forgotten Man

For a long time vice presidents were the butt of frequent jokes in the broadcasting field. Perhaps this was to be expected in view of the fact that the broadcasting trade is chock full of vice presidents. The title of vice president is often conferred in a brevet sense in social or civic organizations.

When the founding fathers were discussing the post of vice president they didn't think the office was too important. In fact, someone suggested the title of "his superfluous excellency" for the occupant of the office.

George Mason, who helped to write the Constitution, objected violently to establishment of the office. George Clinton, who opposed the Constitution, declared there was no valid reason for vice president. The first vice president, John Adams, characterized the position as "the most insignificant office that ever invention of man contrived."

In the nation's history, seven vice presidents succeeded to the presidency by reasons of deaths of the Presidents. The last

three, Theodore Roosevelt, Coolidge and Truman, were elected to the presidency to succeed themselves.

When Teddy Roosevelt was nominated for vice president, he wrote to Leonard Wood, "By the time you have received this, you will have learned from the daily press that I have been forced to take the veil." Vice President Marshall said, "The vice president is like a man in a cataleptic state."

In recent years Americans have been paying more serious attention to the office. So much attention has been directed toward the vice presidential candidacies in this campaign that the next vice president will not be a forgotten man.

Lumumba Is Not the Man

By George Sokolsky

Self-government for a nation, as for an individual, involves a long tradition and habit of self-restraint. Those who possess power may use it for any purpose, good or evil, beneficial or harmful.

The possessor of power must be trained by conscience, by moral law, by the laws of his nation, by the will of the people. If he is governed by whim or by the brutality of his nature or by his private interpretation of reason either tyranny or anarchy will exist.

The Congo is an example of what can happen to a people with no tradition of self-government. There never was a nation called the Congo until the Europeans created it for their own purposes.

The Congo is a river which passes through an area that contained many tribes in varying degrees of savagery. The Belgians and the French created the political entity called the Congo. The French part was governed according to French ideas and is now orderly; the Belgian part was largely held in subjection and its development was very slow.

The assumption that all people are equal, even if it were true, does not imply that all people possess the same abilities, the same capacity for self-government. And whereas it may be said that it is a fundamental principle that every people has a right to a government of its choice, it is not true that any people has a right to disturb the entire world, to lay a basis for war, to stir up strife. Against the bandit nation, the world must rise in self-defense as science always takes measures against brigands.

Whoever Lumumba is, he is a nuisance. The Congo cannot be isolated because Lumumba, like Castro, chooses to use his country as a pawn in a power play. His assumption undoubtedly is that by taking advantage of such opportunities as might arise from a contest between great nations over the Congo, he can, in some way, benefit.

Unfortunately, Lumumba cannot, as Mao Tse-tung could, swiftly establish an organ of power within his own country where his authority is contested. Nor could he establish such personal respect as Sukarno did in Indonesia. Nor does he have the history among his own people that Nehru has in India.

Lumumba's problems, therefore, are complex and he has not been able to form a union of tribes and provinces swiftly. He may not last unless supported by a foreign power such as Soviet Russia.

Time is extremely important in the early stages of forming a nation. The 13 colonies which became the United States were not the only territories on the American continent. Eastern Canada, particularly Quebec, was the same kind of a British colony that New York was, except that Quebec's European background was originally French and New York's was Dutch.

In a word, the more perfect union did not apply even to all the British colonies on the North American continent; it was limited to 13 like-minded areas which joined into a Federation and which made rapid strides toward some form of self-government, culminating in the Constitution.

Even so, the Federation could not become a nation until after the War between the States when the question of secession was settled; that is that an era once entering the Union may never leave it. It is that principle which formed us a nation.

The Congo requires such statesmen as Jefferson and Madison to move forward to union swiftly. It

requires a man of wisdom like Franklin and of leadership such as Washington. Lumumba does not seem to be the type, as Castro is not the type.

Sun Yat-sen, the father of the Republic of China, strongly influenced by American ideas which he absorbed in Honolulu, was the self-sacrificing leader whom even his enemies respected. This could not be said of Lenin or Stalin and certainly not of Lumumba or Castro.

Letters To The Editor

EDITOR'S NOTE: The Herald welcomes expressions of opinions from its readers on subjects of general interest through letters to the editor.

We insist that all letters must be signed with the name and address of the writer. However, the name will not be used in publication of the letter if the writer requests. A pen

"This is a letter to the parents of Westfall School District.

"Now that our bond issue has gone down in resounding defeat, isn't it about time our school board was considering the use of one or two of our present buildings as a high school?"

"Are we being sentimental oil fools at the expense of our high school children?"

"According to the educational consultant, Dr. J. L. Landes, an Ohio State University professor, 'To make use of existing structures, Mühlenberg and Deercreek schools provide reasonable coverage of the district if only two centers would be maintained.'"

"If we have only one high school, 'Jackson has one of the better school plants.' Three centers are possible but, 'it compares poorly with arrangements where one or two such centers would be maintained.'"

"We've been told that Jackson's newer school was originally built to expand to a 500-pupil school. It is constructed to withstand a third floor. Its large auditorium can seat over 600 and it could have a balcony added. It has three new gas furnaces with great heating capacity, and there is room for a fourth furnace."

Its cafeteria seats about 125 and could be expanded. It's only five miles from Circleville which is very important for teacher housing, and it is located near a state highway."

"Some people say Jackson isn't in the center of our district and therefore we should have a new school. But a lot of voters also feel we can't afford a new school building."

"How far is Jackson from where the new school would have been? Isn't it only six miles? Some parents think our teenagers couldn't stand six more miles on a bus, but yet we parents will let our teenagers have the family car to drive around all hours of the night. Just how long does it take a bus to travel six miles? Ten or fifteen minutes?"

"Our teenagers are not children, they are young adults! Isn't it better they get up ten or fifteen minutes earlier and perhaps get a better education? Or, if some parents think this is too early for the children to get up, we could start school fifteen minutes later."

We voted for the bond issue, but for the sake of our children and other children we're willing to settle for a good but less modern building; instead of marking time, waiting for the schools to loose their charters, and hoping for a new school building."

Does a really talented teacher need modern surroundings and so

many new props? Aren't good teachers the most important thing in making a good school? Wouldn't our children get a better education if we had a smaller bond issue and a larger operating levy?"

Our school board and we parents should start thinking about ALL of our children and not of a special few. ALL of the children deserve a better education."

We are one District now, not six, and it's about time we grew up and started to act as "ONE". Which is more important? Being stubborn and holding out for a modern school, being afraid of friends' opinions, or trying to provide our high school children with the education they are going to need in this new jet age. Which is more important? The petty rivalries of us adults, or the education of our children?"

If our board members haven't the courage to do what's best for "ALL" our children's education, then perhaps they should resign so we could get members who will do what's best for all the children in our district, even if they must go against a few friends."

Hebrew Scribe Is Dedicated To Task of Copying Torah

NEW YORK (AP) — Moshe Cohen practices one of the most unusual arts in the realm of religion. With a pen handmade from a turkey feather, with ink made of certain vegetable ingredients, and with a dedication matched by only the most ascetic he scribes the delicately elaborate Hebrew characters in the Torah of the Jews.

The Torah is a parchment scroll containing the first five books of the gospel, the pentateuch, which embody the entire teaching of the Jewish faith. The word Torah means teaching.

This makes the Torah the most revered devotional object of Judaism and the scribe, or scribe, one of its most honored men.

During the season of high holy days beginning Thursday with Rosh Hashanah, or new year, the Torah will command even more prominence in synagogue worship.

Jews regard the Torah—not just its contents, but the scroll itself—almost sacrosanct.

Cohen was born in Israel and learned his art from an older scribe. He came to America because he heard the streets were paved with gold but found, alas, "they are just concrete."

Cohen speaks no English, only Hebrew and Yiddish. Through an interpreter he explained he never had written a complete Torah because it would take about a year and a half working four hours a day which is about all a scribe

can stand under the strain. Writing a Torah is not copy work. It requires strict concentration on the words and their meaning.

Prohibitive cost makes American production of Torahs impossible. Virtually all in use today were written in Israel and cost, delivered, \$500 to \$2,500 depending on their quality.

But in even the most elaborate and carefully written Torah, said Cohen, there are mistakes.

"There has to be at least one," he said. "It wouldn't be humanly possible to produce a perfect Torah."

When a misspelled word is discovered, or a letter left out, Cohen is called upon to correct it.

Delicately he slips a knife under the faulty word or line and removes a thin layer of the parchment. Then he inks in the correction, using kosher quill and kosher ink.

The World Today

By James Marlow

WASHINGTON (AP) — The American presidential campaign may take a sharp turn in these next few weeks simply because the unpredictable Premier Nikita Khrushchev is getting loose in America in the midst of the contest.

On the surface it might appear he has no intention of getting involved.

He's shown contempt for President Eisenhower without making it exclusive. He's also expressed contempt for the two candidates: Vice President Richard M. Nixon and Sen. John F. Kennedy.

"Lackey of monopoly capital," he called them, explaining he did it to put an end to talk that he favors one of the candidates over the other.

It's an amazing commentary on the rising power of Russia—and the self-consciousness of Americans about that Russian power—that Khrushchev should think it necessary to say he's keeping hands off in the elections.

But what effect will he have on American voters in choosing the next president if he blasts the United States in blind fury? That's one question by itself.

But what effect will he have if

Eisenhower lets him get away with it without ripping into him, a repetition of what he did in Paris when Khrushchev insulted him to his face?

It could create sympathy for Eisenhower and the Republican ticket, with good results for Nixon. It could have just the opposite effect.

What if Eisenhower suddenly stops being mild and rips into Khrushchev, putting him on the defensive? Will that help Nixon?

These are possibilities since no one is predicting what Khrushchev will do when he gets here, particularly if he gets angered.

Another one has been raised by Sen. Frank Church, D-Idaho, said: "Will he (Khrushchev) attempt to defeat one or another of our candidates by damning him with faint praise? Will he try to elect one or another by heaping scorn or ridicule upon him?"

In an unintended tribute to the power of the Russian Sen. Jacob Javits, New York Republican, has advised Americans to watch out. Said Javits of Khrushchev: "He has a fantastic reputation for saying what he does not think and thinking what he does not say."

It's a little difficult for Ameri-

cans, used to considering themselves the giants and the Russians until recently as retarded primitives, to face this fact: That Khrushchev is treating the United States and its leadership with so much contempt he's coming uninvited next week to the United Nations General Assembly meeting in New York after insulting both the American President and the nation.

Worship Every Week ---

'Christ's Bid for Souls' To Be Theme at Calvary EUB

Morning worship will begin at 9 a. m. at the Calvary EUB Church. The sermon topic will be "Christ's Bid for Souls". The scripture lesson found in Matthew 11:28-31 will be read by the Rev. G. H. Niswender who will be assisted in the service by the Sunday school superintendent, Carl Agin.

The congregational hymns will include: "O Jesus I Have Promised", "Tis the Blessed Hour of Prayer" and "I Know Not Why God's Wondrous Grace". The senior choir will sing: "Only a touch".

Mrs. Earl Milliron, organist, has announced the following as her numbers: prelude "Be Ye Blessed" by Nordman, offertory, "Meditation" by Loucks and postlude, "My Redeemer Lives" by Wilson.

At 10 a. m. the youth and adults will assemble for their classes for the Sunday school lesson study. The children will meet at 9 a. m. for study and at 10 a. m. for worship.

Mrs. W. C. Shasteen is in charge of the children's department. Nursery care is provided during all services.

The Youth Fellowship will meet for the Y-Hour in the annex at 6 p. m.

Presbyterian

In the 10:30 a. m. hour of worship at the Presbyterian Church Sunday a series of three sermons based upon the Sacrament of our Lord's Supper will be launched.

Twenty-five years ago in 1935 three men met in prayer to consider how the Christian Fellowship of all believers throughout the world might be drawn closer together. Today under sponsorship of the World Council of Churches the Protestant Churches all over the world use the month of September as a season of preparation for a world wide fellowship around our Lord's Supper on the first Sunday in October.

The Rev. Donald Mitchell will preach on the theme "Our Endearing and Enduring Fellowship". The scripture bases for this series will be read from the 12th chapter of the Old Testament book of Exodus centering around the Feast of the Passover.

Under the direction of Mrs. Clark Will the Adult Choir will sing "With the Voice of Singing" by Shaw.

Mrs. Theodore L. Huston, organist will play "Prelude in D" by Kinder for the prelude, Pereda's "Berceuse" for the offertory and for the postlude, "March" on a theme by Handel arranged by Guilman.

The congregation will sing the following hymns, "Glorious Things", "O Where Are Kings and Empires" and "The Light of God".

The Westminster Fellowship will meet at 7 p. m. in their Chapel for devotion. Douglas McCoard will be the guest speaker. Later refreshments will be served.

Church of Christ

The time is now "Today if ye will hear His voice, harden not your hearts", for there is no assurance of tomorrow; there is only now.

When Jesus said, "If thine eyes offend thee pluck it out." He indicated the urgency for action, right now.

If the soul is to make confession of sin, let it be today, let it bring bitterness tomorrow. So much hurt can be avoided on the morrow if God's Word is believed and obeyed today.

Morning worship will begin at 10:30 a. m.

A film strip will be shown by Floyd Mustard of Chillicothe at 7:45 p. m.

St. Philip's Episcopal

Church school will begin for children of St. Philip's Church at 10 a. m. Sunday. All children will attend morning prayer with their parents at 10 a. m. and following the sermon hymn will go to their classes in the parish house. Robert Hutzelman is church school superintendent.

There will be a celebration of the Holy Communion at 8 a. m. The Rev. William G. Huber will be the preacher and celebrant. At the service of morning prayer, he will also preach.

The Girls' Choir, under the direction of Miss Lois Wittich, will sing at the late service.

There will be a nursery for children under the age of three.

A celebration of the Holy Communion for St. Matthew the Evangelist will be held at 7:30 p. m. Wednesday.

A celebration of the Holy Communion will be held 7:30 p. m. Friday on Ember Day.

Acolytes Guild will meet for morning prayer and breakfast in the parish house at 8 a. m. Saturday.

First Methodist

Worship services will be held in First Methodist Church at 8:30 and 10:30 a. m. Sunday. Sunday school classes will meet at 9:30 a. m.

The sermon topic will be "This Too Solid Flesh". The scripture lesson is found in Romans 7:21 to 8:6. Congregational hymns will be "Jesus Calls Us Over the Tumult", "Pass Me Not O Gentle Saviour" and "Lord Jesus, I Love Thee".

The Junior Choir will provide special music for the early service. Mrs. Richard Pettit will sing in the later service.

Members of the local Methodist Youth Fellowship will attend the Chillicothe District Rally in First Church, Lancaster from 3-7 p. m. Sunday. They will be accompanied by Mrs. Roloff Wolford, their advisor, and the Rev. Paul I. Wach, district director of Youth Work.

A school for christian workers will be held in First Methodist Church Monday and for three succeeding Monday evenings. Classes will be held from 8 until 10 p. m.

Three courses will be offered: "Understanding Youth" will be taught by the Rev. Howard L. Stull, Ohio conference director of Youth Work. Mrs. June Anderson of Mt. Sterling will lead a group in "Teaching in the Church School" and Dr. W. Lloyd Sprouse will give the course in "Understanding the Bible". The Rev. John Kline of Mt. Sterling will be dean of the school. Methodist churches in the northwest section of the Chillicothe district will participate in the school.

The Methodist Men's Club will have a dinner and a reorganization meeting in the church at 6:30 p. m. Wednesday.

The Junior Choir will meet in the church for practice at 7 p. m. Wednesday and the Youth Choir at 8 p. m.

Precision in a Pipe Organ

You know what precision it requires to build a bridge, or an engine, or a watch. The same exactness goes into the construction of a pipe organ.

But the men who make pipe organs, like all others who build, have a feeling for the USE of their product.

An organ will lead hundreds in their worship of God. It will support a talented choir in the rendition of a sacred cantata. Or it will blend with a host of untrained voices to raise a stirring hymn to God. It will sing softly while Christians commune, or thunder majestically a great recessional.

And yet this valuable organ whose creation requires such skill and precision is secondary in the life of the Church. It is simply an instrument, like this weekly advertisement, to help the Church fulfill its Mission. That Mission is to lead you, and your family, and your world, to the Lord.

When the organ calls men to worship — be there!

Mrs. Betz Gives Talk At Calvary EUB Meeting

WSWS, of Calvary EUB Church, met recently in the home of Mrs. Talmer Wise, 146 E. Franklin St., with Mrs. Grace Goff assisting hostess.

The meeting opened with the group singing "Bless Be The Tie That Binds", followed with a prayer by Mrs. Pauline McNabb.

Mrs. Harry Betz, secretary of spiritual life, gave a talk on how God speaks to us in whispers and told of some of the things that confront a pastor each day. The group learned that prayer is power, comfort, courage and commitment. Mrs. Betz passed out prayer calendars and assigned several members, parts in the denominational Day of Prayer service.

Mrs. Wise reported that the last care package went to Korea and a letter was received from care requesting donations to help the Civilian Relief.

Mrs. Dale DeLong gave a report on the Youth Fellowship. The fellowship has been very active and has had a good attendance during the summer months. A report by Mrs. W. C. Shasteen was given on the activities of the children's department.

The do-it-yourself project will be held in October and the thanks offering will follow in November. The free literature fund offering held last month, turned out with approval.

Mrs. Robert Stanley, Kentucky, will be the speaker at the WSWS Fall Institute, September 29 at Columbus Hope Church.

Mrs. Henry, from the Second Baptist Church, sent a note inviting the ladies to attend a concert

at the High School auditorium, Sunday.

Mrs. Russell Archer was in charge of the program. The group sang "Brighten The Corner Where You Are", followed by a scripture reading, Ephesians 4:11, 16 by Mrs. William Puckett.

The theme for the evening was "Our Unity In The Local Church" followed with a prayer by Mrs. Archer. Donna Wise played "Whispering Hope" while the offering was collected.

The group heard a story of the "Church of The Lighted Lamp". Members placed lighted candles around the church brightening every corner so there were no dark spots. The group then read in unison, "O, Church of God United" for the benediction. The meeting was closed by Janie Wise playing "The Star Spangled Banner".

For the social hour the ladies rolled bandages to be used by the lepers. Refreshments were served to 18 members and guests, Frances Davis, Ruth Collett, Martha Dountz, Marilyn Pitts, Jessie Rowland, Vera Grubbs, Dorothy Wise and daughters Carol, Donna, and Janie. The hostess was assisted by Mrs. Dorothy Wise and daughters.

Country Club Plans Projects At Meeting

The Saltcreek Town and Country Club met recently in the home of Mrs. Robert Collins, Route 1, with Mrs. Ned Strous assisting hostess. The business meeting was conducted by Mrs. Glenn Matthews president. Twelve members answered roll call and Mrs. Thelma Penwell was a guest.

A report was given by Mrs. Don Strous for the Ways and Means committee. The committee suggested several money making projects for the coming year. The yearly project will be a tea and bazaar. Each member is to make one item each month to be sold at the bazaar. Other projects the club will have, will be skating parties, bake sales, a traveling basket and the annual fox drive to be held January 28.

Mrs. Francis Fraunfelder suggested the club start a scholarship fund to help a worthy boy or girl in the community. Mrs. Fraunfelder and Mrs. Dalton Delong were appointed to get information and a report for the next meeting.

A letter was read from Mrs. Joe Valentine, asking members to help with the Community Fund drive.

The next meeting will be a masquerade party October 10 in the home of Mrs. Dale Fogler.

Home Demonstration Group To Meet

Wayne Area Home Demonstration Group will meet at 1 p. m. Wednesday in the home of Mrs. Russell Yapple, Route 2.

Pitch-in-Sewing Club will meet at 2 p. m. Wednesday in the home of Mrs. Grover Hartman, Ashville.

St. Philip's Plans Annual Country Store

St. Philip's Guild held a meeting Wednesday in the church. Mrs. Andrew Thomas, president, announced that the St. Philip's annual country store will be held November 22.

Mrs. Thomas also told the guild that St. Philip's Church will be the meeting place for the Quiet Day of the Episcopal Church Women of the Diocese of Southern Ohio, Columbus. Approximately 100 women will be in attendance. The meditations for Quiet Day will be given by the Rev. Jonathan N. Mitchell, rector of St. Stephen's Episcopal Church, Columbus. Women of the church will act as hostesses for the meeting and will serve a luncheon to those in attendance.

Mrs. John Dunlap spoke briefly about the diocesan supply quota for the guild. All of the clothing to be purchased and collected will be sent to a mission church in Puerto Rico.

Mrs. Enid Denham, custodian of the United Thank offering, announced that the fall ingathering of the Blue Boxes will be held at 10 a. m. October 2 at the celebration of Holy Communion.

Appointment of the chairman and committees will take place at the October meeting.

Dear Abby...

By Abigail VanBuren

Don't Walk Girl - Run!!

DEAR ABBY: My boss has started to call me by my first name and he's asked me to call him by his. He is married and I have a boy friend, so I don't see where this kind of familiarity is going to get us. The boss also has a dirty mind and twists everything that is said to mean something suggestive. I've worked here almost a year and I like my job. My boss says he has plans to advance me soon, so wouldn't I be foolish to quit now and look for another job? How can I keep him from getting too friendly without telling him off and getting fired?

ALL BUSINESS
DEAR ALL BUSINESS: If I read correctly between the lines, your boss plans to advance you to his lap. I advise you to gather your belongings and clear out of there.

DEAR ABBY: A woman named Sonia complained that her husband "slid" into restaurant booths first and she had to sit on the outside. You told her to "overlook" his bad manners. Abby, could it be that both you and Sonia "overlooked" a fine courtesy in her husband? Many women prefer to let the man get into a car or booth first because, if they "slide" in, their girdles would get turned around on their hips. I have this trouble and the "sliding in" business is not for me.

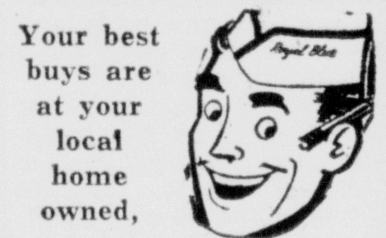

DEAR ABBY: I like this boy very much but I do not trust him as far as I could throw him, if

you know what I mean. I am 14 and so is he, I told him he could hold my hand in the movies but he puts his arm around the back of my chair and tries to kiss me. I broke off with him twice because of this but he went back together again because he promised he would behave. He broke his promise again last night. Should I give him another chance?

TRYING TO BE GOOD
DEAR TRYING: He has had his three strikes; he's out. Let him stay on the bench until next season. Maybe by then he'll have learned to respect the rules.

DEAR ABBY: Do you want to do the Marines in Okinawa a big favor? We would like to receive some mail from girls between 18 and 22. When we get mail our morale goes up 100 per cent. Thanks.

LONESOME AND BORED
DEAR "L" AND "B": We don't you boys write to some old girl friends? If you have none, write your mothers, sisters, aunts cousins or neighbors and ask them to line up some girls who would swap pictures and correspond with you. Writing to total strangers is for the birds.

extras was good and the visitors commanded a 16-0 margin.

Circleville took another lump after the ensuing kickoff when a CHS aerial was intercepted on the 50 by Athens' John Grogan who returned to the Red and Black 32. Bennett took over on the third play of the series to race 20 yards for his third TD. Bowles again was successful on his run for extra points to give the determined opponents a 24-0 advantage.

Circleville took the next kickoff and promptly moved for a first down on its own 47. However, the Tigers fumbled on the next play and Rip Ackerman recovered on the CHS 44.

The Tigers stopped the Bulldogs cold on the fumble exchange, but were unable to move and forced to punt. Bowles broke loose for 26 yards to the CHS 30, but again Circleville stiffened to hold the growing Bulldogs until intermission.

Athens took the second half kickoff marched from its own 32 to Circleville's 36 before the Tigers brought the move to a halt. CHS failed to get a first down and Rudd punted to the locals' 47.

AT this point Athens moved into high gear again when Bowles rolled outside for 35 yards to put the ball on Circleville's eight. Olson was stopped cold on the next play, but Bowles finished the job by winding his way into the end zone.

Pete Siebert's pass to Barry Wilson was good for the two extras to make the scoreboard read 32-0 in favor of Athens as the third quarter was coming to an end.

Circleville made a final bid for a score in the fourth quarter by moving all the way from its own 20 to the Athens 11. Rudd, Pat Rooney and Bob Weir did most of the running, with Rudd's 15-yarder being the longest of the march.

The Tigers fall about a yard short of getting necessary five yards on fourth down and Athens took over on its own 11. The Bulldogs ran out the clock on four straight unsuccessful pass attempts.

CHS Coach Carl Benhase said he was disappointed with the Tigers' showing on both offense and defense. He said Circleville's inexperience played a big part in the defeat, but hastened to add that Athens brought a solid and strong team here.

Coach Benhase singled out the play of End Jake Bagley, the Tigers' only returning regular from last year. He said the veteran covered his defensive area well and made several key tackles.

According to the coach, no serious injuries cropped up outside of usual bumps and knocks. Athens All-League guard, Rich Bacon, reinjured an ailing back in the first half, but later returned to action.

THE loss evened Circleville's record at one win and one defeat. The victory was a 46-20 decision at Paint Valley last week.

Benhase said the Tigers have their work cut out for them during the coming week in preparation for a Friday invasion by Columbus Rosary, a perennial strong opponent.

Last year the Tigers battled the Crusaders to a 20-20 tie for the only blemish against an otherwise perfect Rosary record for the year. The Columbus eleven undoubtedly will be after revenge.

Hard Rebuilding Job Seen For Green Badger Gridders

EDITOR'S NOTE: This is another in a series on the major football teams in the Midwest. Others will follow on this page daily.

By **WALTER JOHNS**
Central Press Sports Editor
MADISON, Wis. — The "On Wisconsin" theme carried the Badgers all the way to the Big Ten title and the Rose Bowl (ouch!) last January but this is a new season with a sophomore-studded team and Coach Milt Bruhn isn't thinking about the Conference title, nor the Roses.

Some early-season predictors have picked the Badgers last but Bruhn, who spent part of the summer at a coaching clinic in Europe, knows he will do better than that — "ninth, at least, for Indiana record doesn't count."

"We feel this ball club will be awfully green," the Badger coach said, "but we hope it will progress near the end of the season."

Milt lost much of the nucleus of a fine team, which hit the top last

year, and at season's start hit says that "we will have at least five sophomores on any unit we'll play."

Like other coaches this year, Milt plans to platoon, and he, too, is going into three-team platooning, although quality is lacking in many places including the backfield where there are only two experienced men returning.

"Our inexperience is the big problem," Milt explains, "especially in the backfield and I'd say our strongest spot is end. We're trying to get a good pass defense and I'm worried especially about this."

Gone are 17 lettermen, including such standout performers as quarterback Dale Hackbart, All-American tackle Dan Lanphear and guard Jerry Stalcup.

The Badgers are hurting so much that in six positions, according to Milt, there is little or no experience.

The first-team line could be a respectable unit, although there is a major problem at center where Dick Baer, John Gotta and Ron Henrici are waging a fight for the job. Henrici is a sophomore. Baer, from Mansfield, O., is a junior.

Co-captain Hank Derleth is at one end but the other is manned by a sophomore, Hugh Richter. However, Richter, who is 6 feet 5 inches tall, is one of the top prospects and has done well considering he came to Madison on a basketball scholarship.

The tackles are Terry Huxhold and Brian Moore, both juniors, but both rated well. Moore, described as the "best all-around football player on the team," weighed in at 235 in the spring but now is down to 213.

The rover guard is Ron Perkins, a 225-pound senior, and the other guard is Dale Matthews, a sophomore who is "going to be a dandy" as described by Milt.

Quarterback is a real problem. Now running almost equal are Jim Bakken, a junior who tailed off last season, and John Fabry, a sophomore who is a transfer from Minnesota. Fabry, a better field general, may win the job.

At left half is Merritt Norvell, a sophomore who is a good runner, and at right is also a sophomore, Gerald Nena, who is the fastest man on the squad. The right half situation is about the same as it is

at center, with Nena battling other non-lettermen for the spot.

Fullback is manned by Tom Wiesner, a senior, who is an all-around good one and co-captain with Derleth. Behind Wiesner is Neil Fleming, a junior who is a transfer from Miami of Florida.

The 1960 Wisconsin squad, one of the smallest, has been broken up into three teams with the No. 1 offensive unit nicknamed the "Go" squad and the No. 1 defensive unit the "Rock" squad.

Bruhn, now in his fifth season as head coach, hit the jackpot last year with the first Wisconsin undisputed Big Ten title since 1912 but he has a major rebuilding task this year.

Helping him build it or wreck it will be Stanford, Marquette, Purdue, Iowa, Ohio State, Michigan, Northwestern, Illinois and Minnesota, to be met in that order.

It's a rough job, about as tough as the fan flock will find the goal posts which have been cemented down here this year to keep them there.

BPO Elks Bowlers Roll High Series And Single Games

BPO Elks bowling competition this week at Circle D Recreation was highlighted by 200 plus games and better than 500 series.

Roger Graham led the way with games of 203, 155 and 200 for a total of 558 pins.

Lloyd Minor had a 207 game and a 548 series; Bob Moon 203 and 542; Tom Eveland 201 and 556 and Buck Clifton 200 and 508. Other top series bowlers were Phil Gordon, 525; Speeder David 509; and Howard Rhoads, 503.

Last week John Dietrich showed the way with a 245 single and a sizzling 600 series. Tom Eveland had a total of 580 pins and a 234 single and Lloyd Minor 548 and 220.

Also passing the 500 mark for three games were Buck Wolford, 536; Bob Wood, 525; Speeder Davis, 524; Al Lustnauer, 515; and Bill Speakman, 501.

Little Lefties, Big Bats Put Yankees Ahead

Ford, Shantz Quell Orioles in First Tilt Of Crucial Series

By **THE ASSOCIATED PRESS**
Two little lefties and two big bats have put the New York Yankees a game ahead of Baltimore in their weekend showdown for the American League lead—and perhaps the pennant.

Whitey Ford struggling through his worst season but still Manager Casey Stengel's No. 1 guy in the clutch, and Bobby Shantz checked off the Orioles as the Yankees rode in with a 4-2 victory on home runs by Hector Lopez and Roger Maris Friday night.

It was the opener of a four-game series at Yankee Stadium and once more dropped the Orioles two games behind in the decisive "lost" column.

The Birds, with a dozen games left to play compared to the Yankees' 14, picked ace Chuck Estrada, a rookie with a 17-9 record, for this afternoon's game against Bob Turley (8-3). The series ends with a doubleheader Sunday.

The Yankees also moved three games ahead of the third-place Chicago White Sox. The defending champs lost the opener of a four-game set at Detroit 4-3.

Cleveland defeated Kansas City 4-2 and Washington beat Boston 3-0 on the five-hit pitching of winner Chuck Stobbs and Ray Moore.

In the National League, Warren Spahn pitched his first no-hit game, won his 20th and put Milwaukee in second place with a 4-0 decision over Philadelphia that pushed the Braves within 5½ games of first-place Pittsburgh. The Pirates lost 4-3 at Cincinnati, and San Francisco spilled St. Louis to third, 6-2. Los Angeles defeated Chicago's Cubs 5-4.

The Yankees, 10-9 for the season over the Orioles and 7-1 at Yankee Stadium, won this one when Shantz came on in the ninth with two out and the bases loaded, gave up a two-run single by Jim Busby and then struck out Marv Breeding on three pitches.

An eighth-inning home run by Harry Chitt—off White Sox relief ace Gerry Staley—cracked a 3-3 tie for the Tigers. The Sox were checked on five hits by Frank Lary (13-15). Early Wynn was the Sox starter, and scored the tying run in the seventh after Ted Kluszewski's short fly to center. But Wynn injured his elbow pitching and Staley (12-8) took over in the seventh.

The Indians' victory, Jim Perry's 17th, was settled by third-inning solo home runs by Mike de Laffoz, Johnny Romano and Tito Francona against Ned Garver (2-9). But triumph was

Tribe Raps 3 Homers To Defeat A's

CLEVELAND (AP)—The Cleveland Indians rapped three solo home runs in the third inning—by Mike de la Hoz, John Romano and Tito Francona—to beat Kansas City for the 14th straight time.

The 4-2 decision Friday night permitted Jim Perry to post his 17th victory of the season, tops in the American League along with Baltimore's Chuck Estrada. Perry has lost eight.

Perry thus still has a shot at becoming the Indians' first 20-game winner in four seasons. He may get three more starts in the remaining 13 games.

Perry needed help from Johnny Klippstein after the Athletics cut the margin to two runs and had the tying runs on second and third with one out in the eighth frame. Klippstein retired Andy Carey on a pop foul, then struck out Bob Johnson.

The young right-hander while adding another victory to his string, also tied a club record. This is one of which he isn't proud: He gave up a first-inning homer to Bill Tuttle, and it was the 32nd gopher ball served up by Perry, tying the mark set by Early Wynn when he won 20 games in 1936.

Romano's homer, his 15th of the season, set a Cleveland record for catchers, surpassing Jim Hegan's mark of 14 set in 1948 and matched two years later.

De la Hoz tied the game with his blast off Ned Garver leading off in the third. It was the rookie's fifth homer. Then Romano hit his into the left field seats. Two outs later, Francona poled his 16th four-bagger over the right field fence.

The Indians scored their final run in the sixth on a walk to Francona, a bunt single by Ty Cline and Woodie Held's single.

Pro Basketball Loop To Open on Oct. 19

NEW YORK (AP) — The 15th season of the National Basketball Association will open Wednesday, Oct. 19 with the Los Angeles Lakers, formerly Minneapolis, playing at Cincinnati.

The pro league will close its regular season Sunday, March 12 and then move into its playoffs that normally last until mid-April. Each team will play 79 games.

marred by a bullpen argument between Negro right-hander Jim (Mudcat) Grant and Tribe coach Ted Wilks, who is white. Grant, who said Wilks made a racial slur against him, walked out of the park. He was suspended for the rest of the season by Manager Jimmy Dykes.

Mudcat Grant Is Suspended For Rest of Year sans Pay

CLEVELAND (AP)—Jim (Mudcat) Grant, Cleveland pitcher was suspended—without pay—for the rest of the season by Manager Jimmie Dykes Friday night when he walked off the field.

The departure during the game against Kansas City by Grant, a Negro, came after an argument in the bullpen with Coach Ted Wilks, who is white. Grant said Wilks called him a "black so-and-so." Wilks was not available for comment.

Cleveland, which broke the color barrier in the American League with the introduction of Larry Doby in 1947, has had several Negroes on its team. There never has been a racial incident.

Dykes said he first learned of the walkout when he called Wilks in the bullpen in the second inning to have Grant to warm up. Wilks told the manager that there had been an argument and that Grant had left.

"It seems that Grant made some remark about what a lousy country this is while the national anthem was being played," Dykes said. "Wilks answered him back and Grant said, 'I don't have to take that from anybody,' and took off."

Dykes said he walked from the dugout to the clubhouse during the second inning to see Grant, but the pitcher had already left the stadium.

"I suspended him because he didn't report to me," the manager explained. "There is must no excuse for what he did."

Reached at his home, Grant gave this explanation of his argument with Wilks:

"I was standing in the bullpen and singing along with the national anthem as I always do. When it got to that part 'home of the brave and land of the free,' I sang something like 'this land is

not so free. I can't even go to Mississippi.' It was something like that and I sang it in fun.

"Wilks heard me and called me a black so-and-so. I got so mad I couldn't hold myself back. I told him that Texas is worse than Russia. Then I walked straight into the clubhouse."

"Maybe I should have told Dykes what Wilks said, but in a situation like that you can't think straight."

There was no elaboration from Grant what was meant by his references to Texas or Mississippi both Southern states.

Notre Dame Grid Fortunes To Hinge on Ouchy Knees

SOUTH BEND, Ind. (AP)—Instead of the old battle theme that Notre Dame's football fortunes rest on the strong passing arm of so-and-so, the situation this season has moved down to the knees.

Possibly never since colorful garters in the can can chorus line helped make the knee famous has that knob on the leg been publicized as much as at Notre Dame.

In the last year, 13 knee operations have been performed on Irish gladiators of Coach Joe Kuharich. This includes graduates who now are in the walks of life. But four key men remain who must prove they can stand on their own two feet when Notre Dame opens its 10-game schedule at home Sept. 24 against California.

Much of Kuharich's hopes in his first season as skipper in 1959 lean on the knees of senior halfback Red Mack, considered the best runner on the team until surgery sidelined him last year; junior fullback Gerry Gray, whose knee gave way in the last 1959 game against Southern California; junior halfback George Seifick of Cleveland, who suffered a similar mishap in the finale, and senior guard Myron Pottios, captain of the 1960 Irish, shelved for the season after the third game last fall.

"They've been looking all right in practices, but how can I tell how those knees will stand up in the heat of battle?" says Kuharich. "We are hemmed in by question marks."

Joe, who jumped at the chance to leave the Washington Redskins pro coaching reins to return to his alma mater, has 19 monogram runners returning in a squad of 60 men.

Eighteen have graduated. But a group of 26 sophomores are in there trying, and anyone who knows the fighting tradition of Notre Dame would not dare say that it faces this season weakened.

Kuharich reluctantly names his

potentially best rookies — untied by the so-called acid test — as these:

Quarterbacks — Ed Rutkowski, 195 pounds, Rahway, N.J.; Darryl Lamonica, 205, Clovis, Calif.; Norb Rascher, 180, Cleveland, halfbacks — Chuck O'Hara, 190, Milmont, Pa.; Leo Catto, 170, Cleveland.

Fullback—Mike Lind, 195, Chicago; guard—Joe Lehmann, 205 Louisville, Ky.; tackle—Ed Burke, 225, Chicago; center—Ed Hoerster, 210, Chicago.

If Kuharich were pressed to name a starting lineup tomorrow, he said it would be:

Ends—Les Traver, Toledo junior, and junior John Powers, Harvard, Ill.; tackle—Junior Roger Wilke, Hamilton, Ohio, and junior George Williams, Marshfield, Mass.; guards — Pottios Van Voorhis, Pa., and junior Nick Buoniconti, Springfield, Mass.; center—junior Tom Hecomovich, Bovey, Minn.

Quarterback — Junior George Haffner, Chicago; halfbacks — Mack, Allison Park, Pa., and senior Ray Ratkowski, Glendale, N. H.; fullback — Lind.

Kuharich says one of his greatest needs among others is an offensive quarterback. A sophomore may get that chance as the season progresses—becoming one of the few signal-calling rookies at Notre Dame since before the days of Knute Rockne.

Ohio State Gridders Keep Eye on SMU '11'

COLUMBUS, Ohio (AP) — Ohio State's football players will have an eye on the Southern Methodist-Missouri game today as the Buckeyes stage their final scrimmage before meeting SMU here next Saturday.

Gene Slaughter will scout the Smu - Missouri tilt and report back to the Buckeye camp on what he has learned. The Bucks will use that information Monday to start pointing for the season opener.

Carry-Out Permit To Be Issued

Robert Trego, Main St., Commercial Point, has been granted a permit to sell 3.2 per cent beer for on-premises consumption and carry-out, according to a recent release from the Ohio Department of Liquor Control.

Trego's application for the permit was refused August 22, but upon investigation the department rescinded the rejection order.

Soviet Aides

(Continued from Page 1)
One report said he had slipped out of his official residence Friday, was arrested then shot while trying to escape.

It was reported, but not confirmed, that the shooting had occurred while Lumumba was being taken to prison outside Leopoldville.

This version of Lumumba's fate received some support from a source close to the government of President Kasavubu, but important details were lacking and officials of the government could not be reached.

The United Nations was known to be concerned about Lumumba's disappearance.

Lumumba had requested a U.N. guard for his residence, but the understanding was that he was free to move about if he wished.

After his disappearance Mrs. Lumumba asked for U.N. protection for herself and her two children.

The Communist exodus still leaves undecided the dispute the Russians and their allies set off in the United Nations when they funneled men and supplies into the Congo to aid Lumumba in his power struggle with Kasavubu.

The 82-nation General Assembly was summoned today for an emergency session on the Congo problem after a Soviet veto blocked action in the Security Council.

The meeting will be convened at 8 p.m. EDT tonight, three days before the scheduled opening of the regular session with its all-star cast of top-level leaders.

The United States requested the meeting in a dramatic move in the early morning hours as the 11-nation council wound up three days of futile debate in which Secretary-General Dag Hammarskjold was attacked by the Soviets and defended by the West.

The move was triggered by a Soviet veto of a resolution, sponsored by Ceylon and Tunisia, giving Hammarskjold a go-ahead on his Congo policies and urging that no military aid be sent to the Congo except through the United Nations. It was the 90th veto by the Soviet Union.

The vote was 8 to 2—the Soviet Union being joined by Poland—with France abstaining.

U.S. Tells Cubans Leave Guns Home

WASHINGTON (AP) — Cuba's Prime Minister Fidel Castro and his pistol-packing associates have been told to leave their guns home when they fly to New York Sunday for the United Nations General Assembly.

The advice, it was understood from official sources today, was passed along because the police of Costa Rica found the Cuban delegation — officials, newsmen and others — carried weapons to a recent meeting of foreign ministers and secretaries of state of the hemisphere.

The Costa Ricans disarmed the Cubans, and got bitter criticism in the Cuban press and on Cuban radio and television stations in return.

Official U.S. word about gun-toting was passed along by the U.S. Embassy in Havana, in discussing security arrangements with Cuban officials.

Scientists Erase Jet Vapor Trails

BEDFORD, Mass. (AP) — Vapor trails which in the past have indicated the presence of high flying U.S. Air Force jets, will be ended, the Air Research and Development Command announced today.

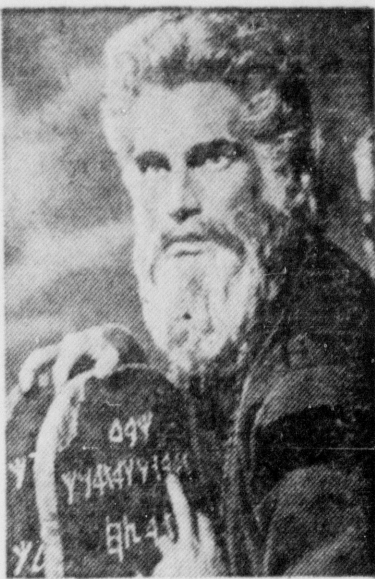

Air Force scientists said the breakthrough was reached after more than five years of research at L. G. Hanscom Field.

A six-engine B47 bomber crew, following directions from the ground, first eliminated the vapor trails from the engines on the right side while the three left engines continued to produce the familiar white vapor streams. Then the vapor trails poured from the right engines, while the left engines left no track behind them.

Tigers Band Salutes Hawaii

The Circleville High School band, under the direction of Truman Eberly, paid tribute to Hawaii last night a half-time of the Circleville — Athens game.

The precision movements of the band saluted the "Aloha State" as they formed a hula girl and the band played "Aloha Oe". The high-stepping majorettes cut their usual tempo as they waved their hands and arms and did the hula while the band, moving at proper paces, played the "Hawaiian Hula".

"Tropic Winds" and an anchor formation continued the salute to Hawaii as the spectators were reminded of the Pearl Harbor disaster, Dec. 7, 1941. The band quickly changed formation into a huge "50" and the crowd was asked to stand and join in the salute to Hawaii by singing "America".

The Tigers alma mater, "Red and Black" was played while the fans sang a blast from the whistle of Karen O'Donnell, head majorette, and the band began to play the familiar "Across the Field" as they marched off the field.

The production of television sets in the United States jumped from 10,000 in 1946 to 7 1/2 million in 1950.

Embassy was notified by American banking sources that intervenors, apparently from the Cuban National Bank, had begun taking over all branches of the First National City Bank of New York, the First National Bank of Boston and the Chase Manhattan Bank. Financial sources estimated reserves and undivided profits of the American banks at \$5 million to \$6 million with assets and liabilities of many times that amount.

Militiamen also were seen entering the Trust Company of Cuba, a Cuban-owned bank. Canadians said their banks were untouched.

Food Review

By THE ASSOCIATED PRESS
Beef in one form or another will appear at many American dinner tables over the weekend, judging by the weekly specials offered in groceries.

A variety of cuts ranging from chuck roast to the more expensive sirloin steaks and rib roasts is on tap.

Some fresh produce may be a few cents higher due to transportation snarls caused by hurricane Donna. Fruits and vegetables are in a "weather" market, produce men say, but prices are expected to return to seasonal norms as farmers get back in the fields and resume harvesting.

Beef prices in New York metropolitan area stores range from 39 cents a pound for chuck roast, with the bone in, to sirloin steak at 95 cents a pound. Both are unchanged from a year ago.

Turkey also is offered in some areas of the Far West and East, while specials on pork are comparatively few and far between. Pork chops are 4 to 10 cents a pound higher in scattered sections, while fryers are off 2 cents in a few places. Eggs eased off slightly after their recent climb.

Best buys among vegetables this week are cabbage, cauliflower, corn, lettuce and medium-sized onions. Carrots, peppers, celery, eggplant, squash, tomatoes and sweet potatoes are rated as good buys.

The green and juicy Thompson variety of seedless grapes heads the list of outstanding buys among fruits. Others include pears and apples.

You can get a good buy from among prunes, nectaries, lemons and small California oranges.

Kennedy Heads into South After Giving Khrush Advice

WASHINGTON (AP) — Sen. John F. Kennedy points his presidential drive southward today with a heavy schedule of campaigning in North Carolina.

Kennedy will test his crowd-pulling power in the state after what he regards as highly successful forays into New Jersey and Pennsylvania. His motorcade appearances in those states drew what local Democrats described as record throngs, and in Maryland Friday night 1,800 turned out to hear him at a \$100-a-plate dinner near Baltimore.

North Carolina has become a battleground with backers of Vice President Richard M. Nixon claiming they have a good chance of adding the state's 14 electoral votes to their column. Adlai E. Stevenson carried it against President Eisenhower in 1956 by a little more than 15,000 out of about 1,165,000 votes.

Kennedy scheduled appearances at Greenville, Greensboro, Asheville, Charlotte, and Raleigh before returning to Washington to night.

Kennedy told Soviet Premier Nikita Khrushchev in his Maryland speech that American voters are not going to be influenced by what he does or doesn't say about either candidate in the presidential contest.

Addressing his remarks to Khrushchev, who will arrive Monday for a meeting of the United Nations, Kennedy said the Soviet Premier ought not to be deceived into thinking that because the Democrats criticize Eisenhower administration policies they are "preaching disunity."

"Perhaps you have been misled into believing that we are a divided country," he said "or that one side favors appeasement, or that the humiliation of our President would be pleasing to his political opponents. Nothing could be further from the truth."

Berger Treats Three Persons

Three persons were treated and released yesterday in Berger Hospital.

Ralph Bolender, 50, Route 2, stepped on a board with a nail in it. He received a puncture wound on his right foot.

Steve Blum, 9, son of Mr. and Mrs. Edward Blum, Laureville, fell out of a tree at his home. He received a fractured right ankle.

Mrs. Fern Kerns, 31, Kingston, cut her finger with a knife at her home. She received a laceration on her left middle finger.
